The Dishwasher

I used to babysit my little brother after school. One day, Mom called home from work. She asked me to start the basketball dishwasher mountain.

She had put dishes in the blueberry classroom dishwasher that morning but forgot to

start all it no. She suddenly remembered at work. That cut had was why she

called me. She wanted if or to have clean dishes when she got

cup home office.

I said that I would start ever if the dishwasher right away. So I

went into next some the kitchen and put in some detergent factory notebook. Then I

pushed the “on” button any but to start it.

I went back to many the your living room to finish my homework.

Keep going ►

He I The knew my mother liked it when I to had all my homework done before dinner house plate time. I could not relax until I at so had done it.

Soon my little brother flower winter got hungry. He went for a clock horse snack . He often got himself a snack and down in the afternoons. He got it by

bucket himself window so that I could concentrate on my so to homework. I heard him scream, "Katie!"

A I Now sighed. I put down my pencil and for that went to check on him. He gave lied was standing in the hall. His mouth hid lost was open.

His eyes were wide. I added looked opened . I saw the kitchen floor covered but in on white bubbles. More bubbles were coming also by out of the sides and bottom of him so the dishwasher.

Keep going ►

I knew what had happened. **I** **To** put hand soap into the dishwasher **almost** **instead** **within** of the dishwashing detergent. This was **a** **of** **so** big mistake. My mother would be **little** **round** **upset** at seeing the kitchen full of **bread** **gum** **soap** bubbles.

My little brother and I **found** **grew** **swam** towels. We spent the next few **hours** **meals** **shoes** cleaning up the bubbles from the **basket** **kitchen** **ocean** floor. We used every towel in **bit** **the** **very** house. It took us two hours **on** **to** **with** clean up the mess. We just **barely** **daily** **loudly** finished in time.

At five thirty **at** **both** **in** the afternoon, Mom got home from **hat** **time** **work**. The bubbles were all gone.

We **kept** **sent** **went** our secret. After dinner, we went **apart** **empty** **into** the

Tin

One day, as I was walking down the street, I saw an empty tin can. I kicked the can so hard it hit a tree. I liked the sound it made.

I got to school, I asked Above if my teacher what tin is. He Such my When she
said more tin is a metal. I asked him where it comes from. He so that often we
said ever tin is found in other rocks. As It has to be dug out of that very Not
all it the ground.

Tin miners dig deep pits also by into the earth. As the pits get deeper smaller younger and deeper, the miners climb down into next often them using ropes or ladders.

Keep going ►

Once for so the rocks are out of the ground, our they what have to be melted to get by it the tin out. It all sounds hard! But From More tin has so many uses that buses people ropes think the hard work is worth it to up. Tin is used in devices like dogs phones trees and computers. It is also used as for or making signs. It was once used by for off making tinfoil to wrap up food in near to, but now aluminum is used for her none that.

Tin isn't the only metal found about back inside rocks. Gold, for example, is also broken found said inside rocks. That was what my border sense teacher went on to say.

I asked, “Are Can Do there any metals that aren't found any in or rocks?”

Keep going ►

That's when he told me **about** **often** **until** bronze. Bronze is a metal
that **cables** **gloves** **people** just made up! I shook my **feet** **head** **trick** in amazement.

He said that bronze **is** **puts** **will** made by mixing melted tin with
melted **pleased** **washed** copper. People discovered this metal in **ancient** **empty** **silent** times
and they put it to **all** **how** **last** kinds of different uses. Some of **and** **over** **the**
things people made with bronze back **for** **then** **when** – like bowls and
daggers – can be **found** **gone** **told** in museums.

Then I thought about **I** **of** **the** can I had kicked. If tin **dug** **found** **was** so
hard to get, I asked, “**If** **Not** **Why** do we make cans out of **all** **it** **yet** ?”

That was when he told me **along** **that** **with** tin cans are not made of
day **milk** **tin** ! They are steel covered with a **calm** **thin** **warm** layer of tin. But

Keep going ►

both tin

and
but
out

 steel can be recycled. So, next time I see a tin can

on the street, I am going to pick it up instead of kicking it!
