31% (n=242)

- Score range: 8 - 9
- 20th - 39th National Percentile

40th - 99th National Percentile
58% (n=451)

- Score range: 10 - 20
- 40th - 99th National Percentile

Split Bars

Split bars are used when the cutoff scores occur in the middle of a score range. The number of students is indicated by the size of the part.

Students scoring below the 40th percentile can be considered at some risk for poor literacy outcomes. Students scoring below the 20th percentile can be considered at risk. Note that the 40th and 20th percentile points are recommendations but not firm cutpoints.
